

SIMPLY BETTER.

Self-adjusting toggle clamps range

BESSEY

With self-adjusting opening fix quickly

**Even more flexible clamping
up to 5-times faster**

Uncompromisingly versatile
One size of the BESSEY toggle clamp replaces multiple competitor sizes simultaneously:

- due to an extremely large clamping range, thanks to the patented mechanism

Teaser >

Ready to go – the first time and for quick set-up during workpiece changes
BESSEY STC toggle clamps adapt to workpieces of varying thickness – without manual setting of the spindle and, with practically the same clamping force:

- due to an automatic clamping width range

Powerful and gentle
Even sensitive workpieces, e. g. with veneered or varnished surfaces, can be gently clamped:

- due to moving pressure plate with removable protective cap
- due to clamping force regulation via adjustment screw in the joint

Vertical toggle clamp with open arm and horizontal base plate STC-VH

STC-VH20

STC-VH50

Order number	Opening	Automatic adjustment	Clamping force	Weight	PU	
	mm	mm	appr. N	kg	qty.	V3
STC-VH20	35	20	1,100	0.22	6	
STC-VH50	40	35	2,500	0.43	6

 and in the download area of the BESSEY website

You will find accessories on page 6/7

- Lever is in vertical clamping position
- Automatic, seamless adjustment of the clamping height up to 35 mm with almost constant clamping force – without manual changing of the pressing screw position
- Adjustable clamping force up to 2,500 N, based on the adjusting screw in the joint
- Sturdy, tempered sheet steel for longer service life
- Base plate hole pattern suitable for millimetres and inches
- High-quality, oil-resistant two-component plastic handle

You will find accessories on page 6/7

- In the clamped position, the lever is horizontal
- Automatic and infinitely variable adjustment of the clamping height up to 35 mm while clamping force remains unchanged – without having to make manual changes to the position of the pressure screws
- Clamping force is variable up to 2,500 N depending on the adjustment of the set screw in the cantilevered joint
- Sturdy, tempered metal sheets for a long service life
- Hole pattern on the base plate designed to facilitate fast and secure clamping set-up for metric and imperial
- High-quality oil resistant two-component plastic handle

- Accessory for BESSEY toggle clamp adapter TWA-STC, TWVAD and TW28AV
- Lowering of round workpieces is infinitely adjustable using the adjusting ring in the table

Clamping tools and Cutting tools by professionals for professionals

When it comes to innovative solutions for clamping and fixing workpieces and cutting sheet metal, this is the right place. No matter if classic clamps, traditional sheet metal snips or special solutions are required for special work requirements, BESSEY offers the right clamping and cutting tool for every craftsman in wood and metalworking in order to optimally support it in its work.

Detailed information
about all products at
www.bessey.de/en-gb

Clamping tools

All-steel screw clamps

Parallel clamps

Metal angle clamps

Door frame assembly tools

Cutting tools

Compound leverage snips

High-performance snips
with HSS edges

Multi-purpose cutters

Folding utility knives
and multitool
